

MARTIAL LAW IN GREEK PROVINCES

LONDON, Sept. 25.—Martial law, says a Reuters Athens dispatch, has been declared in several Greek provinces, among them Laconia, Arcadia, and Larissa. The government has decided to replace discontented aides-de-camp who served former King Constantine and who remained with King Alexander. A list of military officers has been submitted to the king from which he is to choose his staff.

FOGGY WEATHER DELAYS RETURN OF BIG CAPRONI

Guarded by coast artillerymen in khaki, a force of Italian mechanics from Norfolk continued their task today of repairing the big Caproni biplane in Potomac Park, which smashed its running gear and tore a wing in landing on the Polo Field last Saturday.

It was believed the big flier would be ready for the return trip to Norfolk late today, and there was a possibility that Resnati, the Italian lieutenant, would attempt the flight. Foggy weather conditions, however, may induce him to postpone the trip until tomorrow.

The signal corps of the army is expected to announce later a list of the party that Resnati will carry back with him.

SUES ON CRUELTY GROUNDS.

Alleging cruel treatment, Mrs. Eleanor Hanrahan, started suit for a limited divorce against John P. Hanrahan, in the District Supreme Court today. The couple were married, Mrs. Hanrahan says, December 28, 1910, and have six children.

CAPITAL SELECTIVE SERVICE MEN BEGIN MOBILIZING TODAY

The mobilization of the District selective service army began today. Fifty-six husky young Americans assembled at the Franklin School, headquarters of Division No. 1, at 10 o'clock, and were there ordered into active military service.

These eighty-two will leave Washington at 3:35 a. m. tomorrow for Camp Meade, Admiral, Md., as the advance guard of 418 men, 45 per cent of the District's quota, which will be assembled at Camp Meade this week.

Seven Foreign Countries Represented.

There were natives of seven foreign countries in the detachment assembled at Franklin school. Two were natives of Turkey and one a native of Austria, allies of the Germans, whom these men are going to fight. One was a Spaniard, a native of the United States in the war.

The ban against smoking in school rooms was lifted by R. O. Wilmarth, member of the local board in charge of the men, when they assembled for instructions today. Not even pipes were barred. There was nothing too good for the soldiers.

Mr. Wilmarth's instructions were brief. He advised the men to get their military haircuts and to appear again at 5:30 this evening for retreat roll call. All who wish will be permitted to remain home tonight, the others going to the central armory.

One Wears Lieutenant's Uniform.

The men were instructed to report for inspection at 6:30 tomorrow morning at Franklin School. They will march from there to the station. They were told to eat breakfast before reporting.

James Edward Wilson, Jr., of 51 Randolph place northwest, clerk in the office of Maj. Gen. Henry G. Sharpe, quartermaster general of the army, will be in charge of the detachment from the time it leaves Washington until it is turned over to officers at Camp Meade. Carl Worth and Wilbur H. Bladen were named Wilson's assistants.

One of the fifty-six, Clarence F. Kohlmeier, appeared in khaki with a first lieutenant's bar on his shoulder. He has been commissioned in the dental corps, but has not yet been called into active service and may be sent to camp with the rest while his case is being decided.

After the first eighty-two leave for camp the men will be sent in detachments from the full 418 of the first contingent reaches Camp Meade. Steps will then be taken to call out the next contingent, which will include colored men, on October 3.

AT CAPITAL THEATERS

Seldom in recent years at least has a Washington audience showed its appreciation of a new play with such wholehearted enthusiasm and utter abandon as did the large crowd that last night filled the Belasco for the first performance of "Tiger Rose," which David Belasco presented.

There was nothing half-hearted about the applause at the end of the second act, and after the final curtain the audience showed no inclination to leave until after the handclapping, calls for Belasco and occasional cheers had subsided. First two of the members of the cast to the footlights, and finally Mr. Belasco for a characteristic word of thanks.

Frankly a melodrama with nothing startlingly original about the theme or treatment, "Tiger Rose" provides two hours of entertainment during which interest is kept at high pitch. There are thrills upon thrills, and the element of suspense is skillfully utilized. Two of the chief factors in making the play one of the most pleasing the Capital has seen in a long time were the wonderful stage setting. Mr. Belasco has provided a cast whose handling of the story is nearly perfect.

The story is a gripping one of the great Northwest, made familiar of late by magazine stories and the movies, with a love-story of unusual appeal.

Lenore Ulrich, so well remembered in "The Bird of Paradise," is the heroine, the French-Canadian girl, whose love for a young American engineer is the main theme of the play. Her natural charm, with her lithe, swaying body, eyes that seemed to speak and an appealing directness of gaze, made her a Washington audience's favorite.

Willard Mack, author of the play, has the other role about which interest is kept at high pitch. He is the villain, the scheming, stable, Michael Devlin, of the Royal Northwest mounted police, he pleased the audience with his portrayal of the Irish soldier with characteristic wit, brogue, and blarney. William C. C. is the Dr. Dan Cusick, Thomas Findlay the factor, Calvin Thomas the Bruce Norton, the young engineer whose girl, Lenore, is the heroine.

Other characters are: Father Thibault, John Farrell is the squaw, Wawa and Chief Whitehawk the Sioux brave.

From the melodramatic standpoint "Tiger Rose" is even more beautiful and effective than Mr. Belasco's former successes. The storm scene and the sunrise over the deserted cabin brought a storm of applause and the entire setting to the minutest detail was in typical Belasco style.
